Don't Get Snowed Over

Rules for credit card companies are changing in February, which is great for consumers, but watch out for credit card companies to do all they can to increase their income before the new credit card rules take effect! Banks and credit card companies are using things like rate hikes, new or increased fees, higher minimum payments and fewer rewards to make as much money as possible.

The Northwest Georgia Credit Union VISA Platinum credit card already complies with the credit card reform act: we have no penalty pricing, no funky due date cycles, no universal default rates, no surprise interest rate hikes, no annual fee, and no double cycle billings.

Our credit card is the same great credit card today as it has always been. No games, no gimmicks, no tricks; just a credit card with a great rate and virtually no fees.

Stop by today or [apply online](#) to transfer a balance to a card that you can trust!
